Re: Compilation of Sources and Resources Regarding the Trump-Vance Administration's Militarization of U.S. Cities
Date: **Updated:** April 20, 2026

This resource compiles information on the Trump-Vance administration's militarized operations in cities across the country, pursued under the guise of immigration enforcement. This memorandum is meant to serve as a quick guide that compiles relevant sources that the administration has relied on (including policies, executive orders, and other documents), press coverage of what is happening on the ground, as well as key litigation challenging these operations and helpful legal explainer materials. It is organized into two major categories of militarized operations: those led by the U.S. Department of Homeland Security (DHS), including operations undertaken by Immigration and Customs Enforcement (ICE) and Customs and Border Protection (CBP), and those led by the U.S. Department of Defense (DOD) in relation to the deployment of the National Guard. Within each category, the information and resources are organized by city. Given fast-moving events, this resource will be updated regularly.

The Militarization of Cities

Executive Actions

On June 7, 2025, **President Trump issued a Presidential Memorandum, “[The Department of Defense Security for the Protection of Department of Homeland Security Functions](#),”** which authorized the federalization and deployment of National Guard forces and active-duty armed forces to protect Immigration and Customs Enforcement (ICE) and other federal agents and federal property. The Memorandum invoked “violent protests” and “disorder” by opponents of ICE’s enforcement operations as the justification.

On September 25, 2025, **President Trump issued National Security Presidential Memorandum 7 (NSPM-7) “[Countering Domestic Terrorism and Organized Political Violence](#).”** The memo directs the National Joint Terrorism Task Force (JTTFs) and its local offices to “coordinate and supervise a comprehensive national strategy to investigate, prosecute, and disrupt entities and individuals engaged in acts of political violence and intimidation.”

On September 29, 2025, **Attorney General Bondi issued a memorandum to the Federal Bureau of Investigation (FBI), Drug Enforcement Administration (DEA), Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF), U.S. Marshals Service (USMS), and Executive Office of U.S. Attorneys: “[Ending Political Violence Against ICE](#).”** The memo instructs the Department of Justice (DOJ) to direct officers and agents to defend ICE facilities, specifically in Portland and Chicago, add local law enforcement entities to a temporary ICE Protection Task Force, and provide grant funding, training, and technical assistance to support ICE law enforcement.

On [October 8, 2025](#), the **Pentagon’s National Guard Bureau of Operations issued a [memo](#)** ordering the formation of “Quick Reaction Forces” trained in “civil disturbance operations.” A leaked unclassified [version of the memo](#) obtained by *The Guardian* sets thresholds for the size of the forces to be trained in each state. Most states are directed to train 500 National Guard members, amounting to 23,500 troops nationwide.

Militarized Immigration Enforcement in Specific Cities

Executive Actions

The week of May 19, 2025, **Stephen Miller and the Department of Homeland Security (DHS) Secretary Noem directed ICE to [arrest 3,000 people per day](#)**.

On June 4, 2025, **NBC News reported that ICE was planning to launch “[Operation At Large](#),”** a nationwide plan to ramp up arrests of undocumented immigrants. According to NBC News: “The plan calls for using 3,000 ICE agents, including 1,800 from Homeland Security Investigations, which generally investigates transnational crimes and is not typically involved in arresting noncriminal immigrants; 2,000 Justice Department employees from the FBI, the U.S. Marshals Service and the Drug Enforcement Administration; and 500 employees from Customs and Border Protection. It also includes 250 IRS agents, some of whom may be used to provide information on the whereabouts of immigrants using tax information, while others would have the authority to make arrests, according to the operation plan.”

On June 16, 2025, **President [Trump ordered ICE](#) to increase deportation efforts in cities with Democratic leadership.** On TruthSocial, President Trump [told](#) ICE officers to “do all in their power to achieve the very important goal of delivering the single largest Mass Deportation Program in History.”

On September 9, 2025, **NBC News reported that [ICE has stopped requiring that officers complete certain paperwork](#) before conducting an immigration arrest,** which seemingly facilitates a nationwide policy authorizing warrantless arrests in violation of 8 U.S.C. § 1357(a)(2).

On December 12, 2025, NewsNation [reported](#) that **DHS would be ceasing to conduct at-large raids and would instead focus on targeted arrests.**

On December 19, 2025, the Department of Homeland Security [announced](#) its **year-end accomplishments**, including arrest totals for each of its immigration operations.

On January 7, 2026, a **whistleblower report** [revealed](#) an internal [DHS memo](#) purporting to authorize ICE agents to forcibly enter homes and make arrests with only an administrative warrant.

On January 20, 2026, **DHS announced that ICE** [arrested](#) **7,000 purported gang members** and [deported](#) **more than 675,000 individuals** during the first year of President Trump’s second term.

On January 22, 2026, **DHS** [described](#) the Administration’s “Enhanced Federal Law Enforcement Training for ICE.”

On January 28, 2026, ICE [issued](#) a [memo](#) purporting to expand the power of **immigration agents to arrest noncitizens without an administrative warrant (or a judicial warrant)** by reinterpreting what it means to be “likely to escape before [an administrative] warrant can be obtained for his arrest.”

On February 4, 2026, **DHS** [issued](#) a press release and [op-ed](#) defending the legality of **DHS’s policy authorizing forcible entry into homes to arrest noncitizens without judicial warrants.**

On February 18, 2026, **DHS issued a new** [memo](#) articulating **U.S. Citizenship and Immigration Services (USCIS) and ICE’s Refugee Detention Policy.** In the memo, DHS interprets the Immigration and Nationality Act (INA) to mean a refugee can be detained for an unspecified amount of time if the refugee does not submit an application for lawful permanent resident status and appear for an interview within one year of entering the United States. DHS’ policy now requires DHS agents to locate, arrest, and detain refugees who do not file applications and appear for an interview within that period.

On January 12, 2026, the State of Illinois and the City of Chicago filed a lawsuit challenging the unlawful tactics used by CBP and ICE agents in Illinois. Plaintiffs allege that the Trump-Vance administration has deployed illegal enforcement policies, including arresting people without warrants or probable cause and indiscriminately deploying tear gas among protesters. Plaintiffs assert that the Trump-Vance administration has undermined Illinois' ability to carry out its core sovereign functions and has harmed Illinois residents in violation of the Tenth Amendment and the APA.

On December 17, 2025, the ACLU of Minnesota and three Minneapolis firms filed a [lawsuit](#) challenging the Department of Homeland Security’s systemic violation of First and Fourth Amendment rights in the course of their immigration enforcement operations in the Twin Cities. Plaintiffs allege that the Trump-Vance administration is unduly interfering with First Amendment rights to protest and assemble, claiming that the defendants have pepper sprayed, violently subdued, and aimed assault rifles at protesters and observers, and have even followed observers home to intimidate them. On January 16, 2026, the court entered a preliminary injunction prohibiting federal agents participating in Operation Metro Surge from retaliating against peaceful protesters, including through detention or arrest, use of pepper spray, and other intimidation tactics.

***Minnesota v. Noem*, [0:26-cv-00190](#) (D. Minn.)**

On January 12, 2026, the State of Minnesota and the Cities of Minneapolis and St. Paul filed a [lawsuit](#) challenging the unlawful tactics used by DHS agents during Operation Metro Surge—including the use of force against individuals peacefully protesting; the arrest and threatened use of force against innocent bystanders; the pointing firearms at and use of chokeholds and other restraints against individuals who do not pose a threat to DHS agents; and carrying out enforcement actions at sensitive locations. Plaintiffs allege that the unlawful surge of law enforcement officials to Minnesota violates the Tenth Amendment by infringing on the plaintiffs’ police power, equal sovereignty under the Constitution, city laws and ordinances, and is contrary to numerous federal statutes. Plaintiffs also assert claims under the First Amendment, alleging unconstitutional retaliation and viewpoint discrimination.

Twelve members of the U.S. House of Representatives brought suit to challenge DHS' "oversight visit policy," which required at least seven days' advance notice for congressional oversight visits to DHS and ICE detention facilities and restricted access to certain facilities, including ICE field offices. Plaintiffs allege this policy is unlawful under the APA because, among other things, it is contrary to Section 527 of DHS' fiscal year 2024 appropriations law (as carried forward into FY 2025) and is arbitrary and capricious.

The court [preliminarily stayed](#) the DHS policy in December. After the fatal shooting of a U.S. citizen by a federal agent in Minneapolis, DHS Secretary Kristi Noem reinstated the requirement through a new memorandum that came to light only after multiple members of Congress were denied entry to an ICE facility in Minneapolis. After plaintiffs filed an [amended complaint](#), adding an additional member plaintiff from Minnesota, and a [motion for temporary restraining order](#) to challenge the updated memo, the court granted a [temporary restraining order](#), requiring defendants to temporarily restore access to the facility for unannounced oversight visits for plaintiffs.

On February 4, 2026, a coalition of Minnesota school districts and educators filed [suit](#) seeking to block the Trump-Vance administration from conducting immigration enforcement activities in or near public schools. The lawsuit challenges DHS’s decision to remove longstanding protections that limited immigration enforcement activities at “sensitive locations,” such as schools. Plaintiffs argue recent federal immigration enforcement actions have disrupted education, endangered students, and driven families away from their schools. The plaintiffs allege that these actions violate the APA and seek injunctive relief to prevent these operations from continuing.

***Minneapolis Area Synod of the Evangelical Lutheran Church in America v. U.S. Department of Homeland Security*, [0:26-cv-01576](#) (D. Minn.)**

On February 23, 2026, a coalition of congregations and clergy across Minnesota filed suit to challenge DHS and ICE’s policy and practice of prohibiting plaintiffs from entering an immigration detention facility and providing pastoral care to hundreds of individuals detained at the Bishop Henry Whipple Building (“Whipple”). Plaintiffs allege the prohibition violates the First Amendment and the Religious Freedom Restoration Act.

On February 27, 2026, a coalition seeking to represent a class of refugees brought [suit](#) to challenge DHS’s “[Refugee Detention Policy](#).” The policy directs the warrantless arrest and mandatory detention (that is potentially indefinite) of lawfully-admitted refugees who have lived in the United States for at least one year and have not yet adjusted their resident status. Plaintiffs argue that this policy violates the APA because it violates the INA, was issued without required notice-and-comment rulemaking, is arbitrary and capricious, and violates the Fourth and the Fifth Amendments.

***Minnesota v. Department of Justice*, [1:26-cv-01007](#) (D. Minn.)**

On March 24, 2026, the State of Minnesota, Hennepin County, and the Minnesota Bureau of brought [suit](#) to challenge the actions taken by the federal government to stonewall Minnesota’s investigation into the killings of Alex Pretti and Renee Good. On October 6, 2025, the State of Illinois and the City of Chicago filed a [complaint](#) seeking to stop President Trump’s federalization of the Illinois National Guard and deployment of the Texas National Guard to Chicago. Plaintiffs argued that the administration acted in excess of its authority to federalize Guard troops under 10 U.S.C. § 12406, and that it violated the Posse Comitatus Act, the APA, the Tenth Amendment, and provisions of the Constitution protecting equal sovereignty among states.

On December 23, 2025, the Supreme Court [ruled](#) 6-3 to deny the government’s application to stay a temporary restraining order entered by the District Court, which barred the federalization and deployment of the National Guard. The Court held that “the term ‘regular forces’ in §12406(3) likely refers to the regular forces of the United States military. This interpretation means that to call the Guard into active federal service under §12406(3), the President must be ‘unable’ *with the regular military* ‘to execute the laws of the United States,” and further concluded that the government had failed, at this preliminary stage, to identify a source of authority that would allow the military to execute the laws in Illinois.
